

Delivering profitable growth

Interim Report 2008

Our business

What we do

We are a world leading provider of food and support services. Every day millions of people around the world count on us to provide them with a meal, a cup of coffee, a clean office or to keep the entire workspace around them operating at its best.

We have unparalleled experience in providing these services to people in a whole range of environments – at work, at school or university, in hospital, at sporting or cultural events, or in remote locations.

This level of sector specific expertise provides us with the in-depth understanding of the demands of these markets and the needs of our customers that drives our market-leading innovation, operating efficiency and ultimately the quality of the service our customers experience.

Business & Industry

No-one understands food at work quite like we do, whether it is in offices, distribution, factories or any other work environment. Our consumer focus drives the development and innovation in our food offers, brands and service to deliver the optimum solution from restaurants and café style outlets to coffee bars and vending. We also provide a selected range of support services that complement our foodservice offer. This includes cleaning, grounds maintenance, hospitality and reception services.

Fine Dining

Food is at the heart of what we do and, often working with world-renowned chefs, we bring exceptional gastronomic creativity and flair, style and hospitality to executive dining rooms, prestigious social and cultural events and world famous venues.

Healthcare & Seniors

One of the most demanding markets in which we operate. The very highest standards of food safety and hygiene, working with clinical staff and having a detailed understanding of the nutritional needs of those we care for have made us a leader in this market. Our offer is broader than simply foodservice for patients, staff and visitors, and includes a range of complementary support services including services such as cleaning and housekeeping.

Our strategy

Our strategy focuses on the outsourced foodservice and support services markets, building on the existing expertise and strengths we have as a Group.

We estimate that outsourcing growth in the foodservice market (which we estimate is £150 billion) is at least 5% per annum. As market leader, we will strive for more and faster penetration of the foodservice market that is still self operated. The support services market is significantly larger than the foodservice market and growing at a faster rate.

Our aim is to achieve market leadership in those sectors and countries that will provide long-term growth opportunities.

Education

From primary schools to some of the world's most renowned universities, we provide a nutritious, well-balanced diet to fuel the development of young minds and bodies.

Sports & Leisure

We have unparalleled experience in providing high quality foodservice for some of the world's most prestigious sporting and leisure venues, visitor attractions and social events. In addition we have the specialist in-house expertise and resources to provide a single source for the complete marketing and management of corporate hospitality packages.

Defence, Offshore & Remote Sites

We provide vital workplace support for people working in some of the most hostile and demanding terrains in the world from oil and gas to major construction sites and remote mining locations. Our technical and logistical competence, commitment to health and safety and ability to effectively mobilise contracts have earned us an enviable reputation for providing fully integrated food and support services for global clients with workers around the world.

Vending

Vending is an integral part of our foodservice offer and we are able to deliver high quality, innovative solutions to our customers. In North America this is through Canteen, our specialist vending operation.

Financial and operational highlights

“After more than two years of disposals, country exits, restructuring and the roll out of MAP across the business, it is clear that our strategy is delivering value for our shareholders.

We believe that we have a well balanced and sustainable business model which has the capacity to drive continued revenue and margin growth over the medium term.

Balance sheet efficiency (whilst not compromising flexibility) remains a priority and looking forward, we are confident about the second half of the year and the future potential for the business.

With this as the background, we are increasing the interim dividend by 11% and will buy back a further £400 million of our shares over the next 18 months.”

Interim management report

Business review

Group trading review

Richard J Cousins
Group Chief Executive

“The Group has delivered a strong set of results as we continue to benefit from the implementation of the MAP (Management and Performance) framework and the tight operational focus it has instilled across the organisation.

We have seen another step up in our margin, with all our geographies contributing to a 60 basis points Group wide increase. Our improved operational performance lifted free cash flow generation by 32%, whilst underlying earnings per share rose by 44%.

The Group has also strengthened its contract mix by continuing to win high quality new business in key markets.”

Financial summary

For the six months ended 31 March

	Six months to 31 March		Increase
	2008	2007	
Continuing operations

Interim dividend per ordinary share	4.0p	3.6p	11.1%

(1) Constant currency restates the prior year results to 2008's average exchange rates.

(2) Includes share of profit of associates.

(3) Excludes share of profit of associates.

(4) Underlying profit before tax excludes revaluation gains and losses on swaps and hedging instruments (hedge accounting ineffectiveness) of £(8) million (2007: £nil). Underlying basic earnings per share excludes these items net of tax.

Revenue and segmental performance

Andrew D Martin
Group Finance Director

Overall, organic revenue growth was 5%, comprising new business of 8%, retention of 94% and like for like growth of 3%.

Organic growth is calculated by adjusting for acquisitions (excluding current period acquisitions and including a full period in respect of prior period acquisitions), disposals (excluded from both periods) and exchange rate movements (translating the prior period at current period exchange rates), and compares the results against the same period in 2007.

The table below summarises the performance of the Group's continuing operations by geographic segment.

Segmental performance For the six months ended 31 March

	Six months to 31 March		Reported growth	Constant currency growth	Organic growth
	2008	2007			
Continuing operations					
Revenue					
North America	£2,267m	£2,155m	5%	7%	7%
Continental Europe	£1,488m	£1,306m	14%	4%	4%

(1) Total operating profit includes share of profit of associates North America £1 million (2007: £1 million) and UK £1 million (2007: £2 million).

(2) Operating margin is based on revenue and operating profit excluding share of profit of associates.

Interim management report

Business review continued

North America

Group revenue

40.6%

2007: 41.6%

Revenue

2007: £2,155m

£2,267m

Operating Profit ⁽¹⁾

2007: £132m

£153m

In North America all of the sectors are performing well and we are continuing to see good quality organic revenue growth of 7% across a broad and well balanced portfolio. We are winning large and good quality contracts, are seeing excellent retention of over 96% and there is an increased focus on driving like for like performance.

Our success in creating a multi-service Healthcare business through cross-selling between Morrisons, our food service business, and Crothall, our support services business has delivered double digit organic revenue growth in this sector. Chartwells, our Education business, continues to generate strong like for like growth through innovation and we have made good progress in the Business & Industry sector, Levy, our Sports & Leisure business, and in the Canadian business.

Operating profit increased by £25 million, or 20%, on a constant currency basis to £153 million (2007: £128 million on a constant currency basis). This represents a further increase in the margin by 60 basis points to 6.7%, benefiting from the reduction in overheads in the second half of last year. Good management of input costs, better like for like growth and ongoing operating efficiencies across all of the main businesses are contributing to the improvement. We are currently working to drive further supply chain efficiencies and there remains a good opportunity to leverage the overhead base.

Continental Europe

Group revenue

26.6%

2007: 25.2%

Revenue

2007: £1,306m

£1,488m

Operating Profit ⁽¹⁾

2007: £85m

£106m

We are seeing an inflow of good quality new business and are placing a greater focus on like for like growth in Continental Europe with the organic revenue growth of 4% seen in the second half of 2007 continuing into the first half of 2008. There has been good progress in France, Spain, Nordic and Portugal and Italy is continuing to improve.

On a constant currency basis, growth of £12 million in operating profit from continuing operations to £106 million (2007: £94 million on a constant currency basis) represents a margin improvement of 60 basis points to 7.1%.

The margin growth has come from further like for like revenue growth being converted at a high drop through and an attention to detail across all areas of MAP and across all countries.

It is important to remember that the seasonality of this business, with the reduction in participation in the Business & Industry sector over the summer period and the closure of schools, means that we record stronger profits and margin in the first half compared to the second half.

(1) Segmental operating profit is stated before share of profit of associates North America £1 million (2007: £1 million) and UK £1 million (2007: £2 million).

United Kingdom

Group revenue

17.3%
2007: 18.4%

Revenue⁽¹⁾

2007: £955m

£965m

Operating Profit⁽¹⁾

2007: £51m

£52m

The UK performance in the first half of the year is in line with expectations. Operating profit was £52 million (2007: £51 million), representing a 10 basis points improvement in the margin.

Over the last 18 months there has been extensive restructuring of the business, reducing management layers and increasing simplicity; we have almost completed the extensive process of addressing loss making contracts; we have made substantial operational changes to our Education business, and we now have a strong platform for moving forward; and we have simplified the purchasing organisation.

Within the business we continue to focus on all aspects of the culinary experience. In 2007 we appointed a UK Executive Chef and senior executive chefs for our major sectors, who are also part of our senior leadership team.

This is an initiative adapted from our US business, and encourages the development of the culinary side of the business through working with our chefs, suppliers and clients. This is working well and as an example we have been able to build on the progress already made within our schools business, with both our Executive Chef and fully qualified educational nutritionist developing healthier menus.

We also continue to build on culinary heritage that exists within the business and were pleased to announce that we are to strengthen our fine dining offer with Gordon Ramsay at Restaurant Associates. This builds on the existing relationships with Albert & Michel Roux and Gary Rhodes.

We continue to simplify business processes and are increasing our focus on generating quality revenue growth and improving our retention levels. However, we do now have the key building blocks in place which will allow the business to move forward in the medium term.

Rest of the World

Group revenue

15.5%
2007: 14.8%

Revenue

2007: £765m

£869m

Operating Profit⁽¹⁾

2007: £25m

£38m

In the Rest of the World, our two largest businesses, Australia and Japan, together account for just over 50% of revenues. Australia has continued to deliver good organic revenue growth of 5% and ongoing margin progression. We have a great market position in the remote site business to service the requirements of the fast moving extractive industries sector.

In Japan, the focus has been on driving efficiency, addressing loss making contracts and integrating our Healthcare business, and the margin is now moving closer to the Rest of the World average. There is still much hard work to do and we need to continue to drive for improved revenue growth and further operating efficiencies.

The Latin American business is dominated by Brazil which is now one of our largest 10 countries following the acquisition of the remaining 50% interest in GR SA.

The business is performing well in a very buoyant market with 15% organic revenue growth and we are seeing encouraging early signs of further improvement in the business performance.

Performance in the remaining remote site business has also been good and in the UAE we are benefiting from the strength of the economy to deliver 29% organic revenue growth combined with steady margin progression.

Overall, the Rest of the World has again made good progress, delivering £38 million operating profit from continuing operations (2007: £27 million on a constant currency basis), an increase of £11 million, or 41%, on a constant currency basis. This represents margin growth of 110 basis points.

Interim management report

Business review continued

Unallocated overheads

Unallocated overheads for the six months were £29 million (2007: £29 million), in line with the same period last year, reflecting the continuing strengthening of the central functions together with delivery of overhead efficiencies.

Operating profit

Operating profit from continuing operations, including associates, was £322 million (2007: £267 million), an increase of 21% on a reported basis. The operating profit increased by £49 million on a constant currency basis, up 18%. This represents a 60 basis point improvement in margin.

Net finance cost

Underlying net finance cost, excluding revaluation gains and losses on swaps and hedging instruments (hedge accounting ineffectiveness), was £33 million (2007: £43 million). We expect a higher second half net finance cost as a result of the increased level of net debt following the completion of the £1 billion share buy-back and the acquisition spend in the first six months, giving a full year expected net finance cost of £75 million.

Profit before tax

Profit before tax from continuing operations was £281 million (2007: £224 million).

On an underlying basis, excluding revaluation gains and losses on swaps and hedging instruments (hedge accounting ineffectiveness), profit before tax from continuing operations increased by 29% to £289 million (2007: £224 million).

Income tax expense

On an underlying basis, excluding revaluation gains and losses on swaps and hedging instruments (hedge accounting ineffectiveness), the tax charge from continuing operations and before exceptional items was £83 million (2007: £65 million), an effective tax rate of 29% (2007: 29%). We continue to expect the Group's effective tax rate to average out at around the 29% level for the short term.

Discontinued operations

Profit after tax and exceptional items from discontinued operations was £16 million (2007: £44 million).

Basic earnings per share

Basic earnings per share were 11.3 pence (2007: 9.6 pence). Excluding the results of discontinued operations and exceptional items, basic earnings per share on an underlying basis, excluding revaluation gains and losses on swaps and hedging instruments (hedge accounting ineffectiveness), were 10.8 pence (2007: 7.5 pence).

Attributable profit	2008 £m	2007 £m	Change %
Reported	213	198	7.6
Discontinued operations and exceptional items	(16)	(44)	
Hedge accounting ineffectiveness (net of tax)	6	–	
Underlying	203	154	31.8

Basic earnings per share

	2008 Pence	2007 Pence	Change %
Reported	11.3	9.6	17.7
Discontinued operations and exceptional items	(0.9)	(2.1)	
Hedge accounting ineffectiveness (net of tax)	0.4	–	
Underlying	10.8	7.5	44.0

Dividends

An interim dividend of 4.0 pence per share, a year on year increase of 11%, will be paid on 4 August 2008 to shareholders on the register on 27 June 2008.

Free cash flow

Free cash flow from the continuing business totalled £180 million (2007: £136 million). The major factors contributing to the increase were a £55 million increase in operating profit after associates and a £15 million reduction in the net interest outflow.

Gross capital expenditure of £83 million (2007: £79 million), including amounts purchased by finance lease of £3 million (2007: £3 million), represents 1.5% of revenues (2007: 1.5% of revenues). We continue to expect a higher level of gross capital expenditure in the second half, driven in part by the Education sector where projects typically take place over the summer holiday months. We therefore expect gross capital expenditure in the full year to be around the 2% of revenues level.

Further good progress on working capital has resulted in an outflow in the first six months of £62 million (2007: £56 million). We continue to expect to achieve an average sustainable improvement of £20 - £30 million a year for the foreseeable future, but with better improvement for this year and next year.

The cash tax rate for the first six months was 24% (2007: 27%), based on underlying profit before tax for the continuing operations, and we continue to expect the cash tax rate to average out at the mid to high 20s level over the short term.

The net interest outflow of £32 million (2007: £47 million) continues to reflect the impact of the 2004 swap monetisation, which will be substantially unwound by the end of 2009.

Acquisitions

The acquisition spend in the first half of the year totalled £146 million, comprising £39 million of infill acquisitions (including £36 million on Professional Services in the USA), £102 million on the buyout of minority interests (including £87 million on the remaining 50% of our Brazilian business and £14 million to take our shareholding in Seiyo Foods, our Japanese business, from 86% to 95%) and £5 million of deferred consideration relating to previous acquisitions.

Related party transactions

Details of transactions with related parties are set out in note 19. With the exception of the acquisition of the remaining 50% interest in GR SA, the Group's Brazilian business, these transactions have not, and are not expected to have, a material effect on the financial performance or the position of the Group.

Outlook

After more than two years of disposals, country exits, restructuring and the roll out of MAP across the business, it is clear that our strategy is delivering value for our shareholders. We believe that we have a well balanced and sustainable business model which has the capacity to drive continued revenue and margin growth over the medium term. Balance sheet efficiency (whilst not compromising flexibility) remains a priority and looking forward, we are confident about the second half of the year and the future potential for the business. With this as the background, we are increasing the interim dividend by 11% and will buy back a further £400 million of our shares over the next 18 months.

Interim management report

Principal risks and uncertainties

Risk management

We continue to see market inflation for our basket of goods of 4% – 5%. Although the increases occurring in dairy, rice and pasta prices have been at significantly higher rates, these account for only about 10% of the Group's spend on food. We are able to mitigate around 1 percentage point through leveraging our purchasing scale, as well as benefiting from menu planning, a focus on reducing waste, product and supplier rationalisation and client and consumer price increases. Our ability to manage inflationary pressures has helped us to deliver the 60 basis points improvement in operating margin.

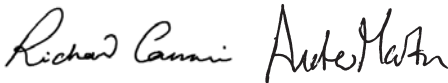

The Board has a proactive approach to risk management with the aim of protecting its employees and customers and safeguarding the interests of the Company and its shareholders.

Compass Group has specific policies in place to ensure that risks are properly evaluated and managed at the appropriate level within the business. A risk assessment exercise is carried out across the Group twice per year and the outcomes are reviewed by the Board.

Outlined opposite is a summary of what the Board considers to be the key risks and uncertainties currently facing the business and the activities the Group undertakes to mitigate against these key risks and uncertainties.

The Group's approach to managing liquidity risk, foreign currency risk and interest rate risk are set out on page 16 of the Annual Report for the year ended 30 September 2007. The Annual Report is published in the Investor Relations section of the Group website (www.compass-group.com) and is available from the Company on request.

Description	Mitigating activities
Food Safety	The Group has in place policies, processes and training procedures to ensure compliance with its legal obligations in relation to food hygiene and safety.
Client retention	Our business model is structured so that we are not reliant on one particular sector, geography, or group of clients.
People retention and motivation	Training and development programmes, succession planning and performance management are designed to align rewards with our corporate objectives and to retain and motivate our best people.
Health, safety and environment	Our Health, Safety and Environment Forum promotes policy, sets standards and monitors best practice and reports to the Corporate Social Responsibility Committee.
Purchasing	To reduce risk we are focusing on traceability, clear specification of our requirements to nominated suppliers and the improvement of purchasing compliance by unit managers.
Litigation	Though we do not operate in a litigious industry we have in place policies and processes in our major countries to mitigate against third-party litigation.
Reputation	The Group's zero tolerance based Code of Ethics governs all aspects of our relationship with our stakeholders. The Corporate Social Responsibility Committee investigates any alleged breaches.

Group Finance Director

Responsibility statement

Directors' responsibilities

The interim report complies with the Disclosure and Transparency Rules ('DTR') of the United Kingdom's Financial Services Authority in respect of the requirement to produce a half-yearly financial report. The interim report is the responsibility of, and has been approved by, the directors.

We confirm that to the best of our knowledge:

- the condensed set of financial statements has been prepared in accordance with IAS 34;
- the interim management report includes a fair review of the important events during the first six months and description of the principal risks and uncertainties for the remaining six months of the year, as required by DTR 4.2.7R; and
- the interim management report includes a fair review of disclosure of related party transactions and changes therein, as required by DTR 4.2.8R.

On behalf of the Board

Mark J White
General Counsel and Company Secretary
14 May 2008

Independent review report to Compass Group PLC

Introduction

We have been engaged by Compass Group PLC ('the Company') to review the condensed set of financial statements in the interim report for the six months ended 31 March 2008 which comprises the consolidated income statement, the consolidated statement of recognised income and expense, the consolidated balance sheet, the consolidated cash flow statement and related notes 1 to 21. We have read the other information contained in the interim report and considered whether it contains any apparent misstatements or material inconsistencies with the information in the condensed set of financial statements.

This report is made solely to the Company in accordance with International Standard on Review Engagements (UK and Ireland) 2410 issued by the Auditing Practices Board. Our work has been undertaken so that we might state to the company those matters we are required to state to them in an independent review report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company, for our review work, for this report, or for the conclusions we have formed.

Directors' responsibilities

The interim report is the responsibility of, and has been approved by, the directors. The directors are responsible for preparing the interim financial report in accordance with the Disclosure and Transparency Rules of the United Kingdom's Financial Services Authority.

As disclosed in note 1, the annual financial statements of the Group are prepared in accordance with IFRSs as adopted by the European Union. The condensed set of financial statements included in this interim report has been prepared in accordance with International Accounting Standard 34, 'Interim Financial Reporting,' as adopted by the European Union.

Our responsibility

Our responsibility is to express to the Company a conclusion on the condensed set of financial statements in the interim report based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements (UK and Ireland) 2410, 'Review of Interim Financial Information Performed by the Independent Auditor of the Entity' issued by the Auditing Practices Board for use in the United Kingdom. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing (UK and Ireland) and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Review conclusion

Based on our review, nothing has come to our attention that causes us to believe that the condensed set of financial statements in the interim report for the six months ended 31 March 2008 is not prepared, in all material respects, in accordance with International Accounting Standard 34 as adopted by the European Union and the Disclosure and Transparency Rules of the United Kingdom's Financial Services Authority.

Notes to the condensed financial statements

for the six months ended 31 March 2008

1 Basis of preparation

The unaudited interim condensed financial statements for the six months ended 31 March 2008 have been prepared in accordance with International Accounting Standard 34 'Interim Financial Reporting' ('IAS 34'), and have been prepared on the basis of International Financial Reporting Standards ('IFRSs') and International Financial Reporting Interpretations Committee ('IFRIC') interpretations as adopted by the European Union that are effective for the year ended 30 September 2008.

The unaudited interim condensed financial statements for the six months ended 31 March 2008, which were approved by the Board on 14 May 2008, do not comprise statutory accounts for the purpose of Section 240 of the Companies Act 1985, and should be read in conjunction with the Annual Report for the year ended 30 September 2007. Those accounts have been reported upon by the Group's auditors and delivered to the Registrar of Companies. The report of the auditors was unqualified, did not include a reference to any matters to which the auditors drew attention by way of emphasis without qualifying their report and did not contain statements under Section 237 (2) or (3) of the Companies Act 1985. The Annual Report is published in the Investor Relations section of the Group website (www.compass-group.com) and is available from the Company on request.

Except as described below, the accounting policies and method of computation adopted in the preparation of the unaudited interim condensed financial statements are consistent with the policies applied by the Group in its consolidated financial statements for the year ended 30 September 2007.

In the current financial year, the Group will adopt International Financial Reporting Standard 7 'Financial Instruments: Disclosures' ('IFRS 7') for the first time. As IFRS 7 is a disclosure standard, there is no impact of that change in accounting policy on the interim financial statements. Full details of the change will be disclosed in the Annual Report for the year ended 30 September 2008.

2 Seasonality of operations

Overall, seasonality is not a significant factor across the Group. However, within individual sectors and geographies we do see some seasonal effects. Revenues in the Education sector are lower outside term time and activity in the Business & Industry sector in Continental Europe slows down throughout the summer.

- (1) Mexico was transferred from the Rest of the World to the North America segment during the current reporting period to reflect a similar change in the management reporting structure. The 2007 segmental results have been restated on a consistent basis.
- (2) The revenues and result for the six months to 31 March 2007 have also been restated to reflect other organisational changes implemented in the second half of 2007.
- (3) In prior periods inter-segment revenue largely arose as the result of trading between Selecta and other discontinued companies and the rest of the Group.

4 Finance income and costs

Unrealised net losses/(gains) on financial instruments	8	—	3
Unhedged translation losses on foreign currency borrowings	—	—	3
Total hedge accounting ineffectiveness losses/(gains)	8	—	6

5 Tax

The income tax expense on continuing operations for the period is based on an estimated full year effective tax rate of 29% (last full year 28%).

	Six months to 31 March		Year ended
	2008 £m	2007 £m	30 September 2007 £m
Recognised in the income statement: income tax expense on continuing operations			
Current year	79	86	149
Adjustment in respect of prior years	(8)	(19)	(27)
Current tax expense/(credit)	71	67	122
Current year deferred tax	10	(2)	2
Impact of changes in statutory tax rates	—	—	6
Adjustment in respect of prior years	—	—	(6)
Deferred tax expense/(credit)	10	(2)	2
Income tax expense/(credit) on continuing operations	81	65	124

The impact of changes in statutory tax rates in the year ended 30 September 2007 related principally to the reduction of the UK corporation tax rate from 30% to 28% from 1 April 2008. This change resulted in a deferred tax charge arising from the reduction in the balance sheet carrying value of deferred tax assets to reflect the anticipated rate of tax at which those assets were expected to reverse. This impact was not reflected in the interim report to 31 March 2007 as the relevant legislation regarding the rate change had not been substantively enacted at that date.

The Group does not recognise deferred tax assets in respect of tax losses and other temporary differences where the recovery is uncertain. No deferred tax liability is recognised on temporary differences relating to the unremitted earnings of overseas operations as the Group is able to control the timing of the reversal of these temporary differences and it is probable that they will not reverse in the foreseeable future.

There has been no material change to the level of unrecognised deferred tax assets since 30 September 2007.

Notes to the condensed financial statements

for the six months ended 31 March 2008

6 Discontinued operations

Period ended 31 March 2008:

The profit for the period from discontinued operations comprises the release of surplus provisions and accruals relating to prior period disposals.

Period ended 31 March 2007:

In November 2006, as part of the Group's strategy of focussing on its core contract catering business, the Group announced its intention to dispose of its European vending business, Selecta. The transaction completed on 2 July 2007. The Group also completed the sale and closure of a number of other small businesses as part of the exit from the discontinued travel concessions business. The results of all these businesses are classified as discontinued operations and are therefore excluded from the results of continuing operations in 2007. The assets and liabilities of most of these businesses were classified as being held for sale at 31 March 2007.

In addition, the Group established additional provisions totalling £45 million during the period in respect of the prior year disposal of the travel concessions catering business and the discontinued Middle East military catering operations, resulting in a net loss (both before and after tax) of £45 million before the net release of tax provisions of £69 million. Overall an exceptional net credit of £24 million was recognised in the period.

Year ended 30 September 2007:

The Group disposed of its European vending business, Selecta, on 2 July 2007 for a net profit after tax of £129 million.

The Group also completed the sale and closure of a number of other small businesses as part of the exit from discontinued operations, and established additional provisions totalling £45 million in respect of prior year disposals in these areas, resulting in a net loss after tax of £11 million before the release of net tax provisions of £79 million. These provisions were released following the settlement of a number of long-standing issues connected with prior year discontinued activities. The total net profit after tax arising on the disposal of these operations was £68 million.

Overall an exceptional net credit of £197 million was recognised in the period.

The disposal process was complete by the end of the year and no assets or liabilities were classified as being held for sale as at 30 September 2007.

Net assets included in disposal groups held for sale	–	503	–

(1) The trading activity in the period ended 31 March 2008 relates to the final run off of activity in businesses earmarked for closure.

(2) Comprises Selecta, travel concessions and various other non-core businesses.

(3) Comprises Selecta, travel concessions and various other non-core businesses and adjustments to prior year disposals.

(4) Additional provisions were established in respect of the prior year disposal of travel concessions catering businesses and in respect of Middle East military catering operations discontinued in the prior year in the period ended 31 March 2007. Total £45 million.

(5) Released surplus accruals/provisions of £16 million and utilised accruals/provisions in respect of purchase price adjustments, warranty claims and other indemnities of £17 million in the period ended 31 March 2008. Total £33 million.

(6) The Group manages foreign currency exposures in accordance with the policies set out in the Annual Report for the year ended 30 September 2007, matching its principal projected cash flows by currency to actual or effective borrowings in the same currency. As a result the cumulative exchange translation loss recycled on disposals is £nil.

Notes to the condensed financial statements

for the six months ended 31 March 2008

7 Exceptional items

Exceptional items are disclosed and described separately in the interim financial statements where it is necessary to do so to clearly explain the financial performance of the Group. Items reported as exceptional are material items of income or expense that have been shown separately due to the significance of their nature or amount.

All of the exceptional items occurring in the period relate to discontinued operations and are described in more detail in note 6.

Exceptional items	Six months to 31 March		Year ended
	2008 £m	2007 £m	30 September 2007 £m
Discontinued operations			
Profit on disposal of net assets and other adjustments relating to discontinued operations net of tax (note 6)	16	24	197
Total	16	24	197

8 Earnings per share

The calculation of earnings per share is based on earnings after tax and the weighted average number of shares in issue during the period. The adjusted earnings per share figures have been calculated based on earnings excluding the effect of discontinued activities, exceptional items and hedge accounting ineffectiveness (net of tax); these are disclosed to show the underlying trading performance of the Group.

9 Dividends

The interim dividend of 4.0 pence per share (2007: 3.6 pence per share), £74 million in aggregate⁽¹⁾, is payable on 4 August 2008 to shareholders on the register at the close of business on 27 June 2008. The dividend was approved by the Board after the balance sheet date, and has therefore not been reflected as a liability in the interim financial statements.

Provisions	As at 31 March		As at
	2008 £m	2007 £m	30 September 2007 £m
Non-current	372	291	351
Current	92	70	86
Total provisions	464	361	437

(1) Including items reclassified from accrued liabilities and other balance sheet captions.

The provision for insurance relates to the costs of self-funded insurance schemes and is essentially long-term in nature.

Provisions in respect of discontinued and disposed businesses relate to estimated amounts payable in connection with onerous contracts and claims arising from disposals. The final amount payable remains uncertain as, at the date of approval of these financial statements, there remains a further period during which claims may be received. The timing of any settlement will depend upon the nature and extent of claims received. Surplus provisions of £7 million were credited to the discontinued operations section of the income statement in the period (2007: £nil).

Provisions for onerous contracts represent the liabilities in respect of short-term and long-term leases on unoccupied properties and other contracts lasting under five years.

Provisions for legal and other claims relate principally to the estimated cost of litigation and sundry other claims. The timing of the settlement of these claims is uncertain.

Environmental provisions are in respect of potential liabilities relating to the Group's responsibility for maintaining its operating sites in accordance with statutory requirements and the Group's aim to have a low impact on the environment. These provisions are expected to be utilised as operating sites are disposed of or as environmental matters are resolved.

Notes to the condensed financial statements

for the six months ended 31 March 2008

11 Post-employment benefit obligations

The Group operates a number of pension arrangements throughout the world which have been developed in accordance with statutory requirements and local customs and practices. The majority of schemes are self administered and the schemes' assets are held independently of the Group's finances. Pension costs are assessed in accordance with the advice of independent, professionally qualified actuaries. The Group makes employer contributions to the various schemes in existence within the range of 6% - 30% of pensionable salaries. The arrangements are described in more detail in note 23 of the Company's Annual Report for the year ended 30 September 2007.

	Six months to 31 March				Year ended 30 September	
	2008				2007	2007
Post-employment benefit obligations: total surplus/deficit	UK £m	USA £m	Other £m	Total £m	Total £m	Total £m
Total (surplus)/deficit of defined benefit pension plans brought forward	(62)	60	72	70	282	282
Business acquisitions	-	-	4	4	-	-
Current service cost	5	1	6	12	12	27
Past service cost/(credit)	-	-	-	-	-	(1)
Curtailement credit	-	-	-	-	-	(6)
Amount charged to plan liabilities	35	4	4	43	38	80
Expected return on plan assets	(39)	(2)	(3)	(44)	(37)	(78)
Actuarial (gains)/losses	31	(2)	2	31	-	(130)
Employer contributions	(14)	(3)	(10)	(27)	(34)	(110)

Currency adjustment	-	1	8	9	(4)	(4)
Total (surplus)/deficit of defined benefit pension plans carried forward	(44)	59	83	98	254	70

The deficit can be reconciled to the post-employment benefit obligations reported in the consolidated balance sheet as follows:

Post-employment benefit obligations: recognised in the balance sheet	As at 31 March		As at 30 September 2007 £m
	2008 £m	2007 £m	
Total deficit of defined benefit pension plans per above	98	254	70
Surplus not recognised in accordance with IFRIC 14 ⁽¹⁾	79	-	92
Post-employment benefit obligations per the balance sheet	177	254	162

The actuarial gain/loss reported in the consolidated statement of recognised income and expense can be reconciled as follows:

Actuarial adjustments	Six months to 31 March		Year ended 30 September 2007 £m
	2008 £m	2007 £m	
Actuarial (gains)/losses per the above table	31	-	(130)
Increase/(decrease) in surplus not recognised	(13)	-	92
Actuarial (gains)/losses per the statement of recognised income and expense	18	-	(38)

(1) IFRIC Interpretation 14 'IAS 19 - The Limit on a Defined Benefit Asset, Minimum Funding Requirements and their Interaction' ('IFRIC 14').

12 Reconciliation of movements in total shareholders' equity

The Company commenced an on market share buy-back programme following the disposal of Select Service Partner in June 2006. This programme was extended following the disposal of Selecta in July 2007 to repurchase a total of £1 billion of shares. The programme was completed on 19 March 2008. During the period, a total of 88,614,468 ordinary shares of 10p each were repurchased for a consideration of £282 million⁽¹⁾ and cancelled.

Reconciliation of movements in equity	Six months to 31 March		Year ended
	2008 £m	2007 £m	30 September 2007 £m
Total shareholders' equity brought forward	2,170	2,312	2,312
Total recognised income and expense (per SORIE)	214	238	595

Increase in own shares held for staff compensation schemes ⁽³⁾	(3)	(4)	–
Total shareholders' equity carried forward	1,996	2,153	2,170

The amount charged to profits in respect of share-based payments can be reconciled to the amount credited to equity as follows:

Fair value of share-based payments	Six months to 31 March		Year ended
	2008 £m	2007 £m	30 September 2007 £m
Charged to profits of continuing operations	10	11	24
Charged to profits of discontinued operations	–	–	1
Credit in respect of cash-settled phantom share options (credited back to profits of continuing operations)	–	–	(1)
Other	–	–	1
	10	11	25
Settled in cash or existing shares ⁽⁴⁾	(4)	–	(11)
Fair value of share-based payments credited to equity	6	11	14

(1) Including stamp duty and brokers' commission.

(2) The fair value adjustments arising on the acquisition of the remaining 50% interest in GR SA relate to 100% of the shareholding. The portion of the fair value adjustment pertaining to the Group's existing 50% shareholding in GR SA was credited to the revaluation reserve in accordance with IFRS 3.

(3) These shares are held in trust and are used to satisfy some of the Group's liabilities to employees for share options, share bonus and long-term incentive plans.

(4) It was originally anticipated these payments would be satisfied by the issue of new shares.

Notes to the condensed financial statements

for the six months ended 31 March 2008

13 Business combinations

The Group acquired the remaining 50% interest in GR SA, its 50% owned Brazilian joint venture, for cash consideration of £91 million on 6 March 2008.

Propoco Inc ('Professional Services'), a leading regional provider of facilities management services to the US healthcare market, was acquired on 1 October 2007 for a total consideration of £38 million. £36 million was paid at closing, with the remaining £2 million being deferred for 12 months. Three other small in-fill acquisitions were made during the period for a total consideration of £6 million, £3 million of which was deferred.

On 29 November 2007 the Group bought out the remaining 10% minority interest in Palmar S.p.A, its Italian subsidiary which provides support services, and on 25 March 2008 it acquired a further 9% of the shares of Seiyo Food - Compass Group Inc, its Japanese subsidiary, taking the Group's shareholding from 86% to 95%. The total consideration for both transactions was £15 million.

	Acquisition of 50% interest in GR SA ⁽¹⁾		Other acquisitions		Buy-out of minority interests	Total

Total cash outflow arising from the purchase of subsidiary companies and investments in associated undertakings						<u>146</u>

(1) The fair value adjustments arising on the acquisition of the remaining 50% interest in GR SA relate to 100% of the shareholding. The portion of the fair value adjustment pertaining to the Group's existing 50% shareholding in GR SA was credited to the revaluation reserve in accordance with IFRS 3.

13 Business combinations continued

Adjustments made to the fair value of assets acquired include the value of intangible assets, provisions and other adjustments recognised on acquisition in accordance with International Financial Reporting Standard 3 'Business Combinations' ('IFRS 3'). The adjustments made in respect of the acquisitions in the six months to 31 March 2008 are provisional and will be finalised within 12 months of the acquisition date.

The goodwill arising on the acquisition of the remaining 50% interest in GR SA represents the premium the Group paid to gain full operational and strategic control of the company. This will allow the business to be fully integrated into the Group.

The initial goodwill arising on the acquisition of the other businesses represents the premium the Group paid to acquire three small companies which complement the existing business and create significant opportunities for cross selling and other synergies. In the period from acquisition to 31 March 2008 the acquisitions contributed revenue of £38 million and operating profit of £4 million to the Group's results.

If the acquisitions had occurred on 1 October 2007, Group revenue for the period would have been £5,662 million and total Group operating profit (including associates) would have been £325 million.

14 Reconciliation of operating profit to cash generated by operations

	Six months to 31 March		Year ended 30 September
	2008 £m	2007 £m	2007 £m
Reconciliation of operating profit to cash generated by continuing operations

15 Reconciliation of net cash flow to movement in net debt

This table is presented as additional information to show movement in net debt, defined as overdrafts, bank and other borrowings, finance leases and derivative financial instruments, net of cash and cash equivalents.

	Six months to 31 March		Year ended
	2008	2007	30 September
	£m	£m	2007
Net debt			£m
Net increase/(decrease) in cash and cash equivalents	(449)	(310)	(11)
Cash (inflow)/outflow from changes in net debt	61	(42)	239
Cash (inflow)/outflow from repayment of obligations under finance leases	6	9	15
(Increase)/decrease in net debt as a result of new finance leases taken out	(3)	(3)	(15)
Currency translation gains/(losses) on net debt	(54)	51	74
Acquisitions and disposals (excluding cash and overdrafts)	–	–	7
Other non-cash movements	(7)	12	22
(Increase)/decrease in net debt during the period	(446)	(283)	331
Opening net debt	(764)	(1,095)	(1,095)
Closing net debt	(1,210)	(1,378)	(764)

Other non-cash movements are comprised as follows:

	Six months to 31 March		Year ended
	2008	2007	30 September
	£m	£m	2007
Other non-cash movements in net debt			£m
Amortisation of the fair value adjustment in respect of the £250 million Sterling Eurobond redeemable in 2014	2	2	4
Fair value debt adjustment	(23)	16	4
Swap monetisation credit	4	7	25
Changes in the value of derivative financial instruments	10	(13)	(11)
Other non-cash movements	(7)	12	22

16 Contingent liabilities

Contingent liabilities	As at 31 March		As at
	2008 £m	2007 £m	30 September 2007 £m
Performance bonds, guarantees and indemnities (including those of associated undertakings)	229	203	227

On 21 October 2005, the Company announced that it had instructed Freshfields Bruckhaus Deringer to conduct an investigation into the relationships between Eurest Support Services ("ESS") (a member of the Group), IHC Services Inc. ("IHC") and the United Nations. Ernst & Young assisted Freshfields Bruckhaus Deringer in this investigation. On 1 February 2006, it was announced that the investigation had concluded.

The investigation established serious irregularities in connection with contracts awarded to ESS by the UN. The work undertaken by Freshfields Bruckhaus Deringer and Ernst & Young gave no reason to believe that these issues extended beyond a few individuals within ESS to other parts of ESS or the wider Compass Group of companies.

The Group settled all outstanding civil litigation against us in relation to this matter in October 2006, but litigation continues between competitors of ESS, IHC and other parties involved in UN procurement.

IHC's relationship with the UN and ESS was part of a wider investigation into UN procurement activity being conducted by the United States Attorney's Office for the Southern District of New York, and with which the Group co-operated fully. The current status of that investigation is uncertain and a matter for the US authorities. Those investigators could have had access to sources unavailable to the Group, Freshfields Bruckhaus Deringer or Ernst & Young, and further information may yet emerge which is inconsistent with, or additional to, the findings of the Freshfields Bruckhaus Deringer investigation, which could have an adverse impact on the Group. The Group has however not been contacted by, or received further requests for information from, the United States Attorney's Office for the Southern District of New York in connection with these matters since January 2006. The Group has cooperated fully with the UN throughout.

In February 2007, the Group's Portuguese business, Eurest (Portugal) Sociedade Europeia Restaurantes LDA, was visited by the Portuguese Competition Authority (PCA) as part of an investigation into possible past breaches of competition law by the Group and other caterers in the sector. The PCA investigation relates to a part of the Portuguese catering business which services mainly public sector contracts. The Group is co-operating fully with the PCA's investigation which is still ongoing. It is likely that it will take several more months to complete and its outcome cannot be predicted at this point. Revenues of the Portuguese business for the year ended 30 September 2007 were £90 million (€134 million).

It is not currently possible to quantify any potential liability which may arise in respect of these matters. The directors currently have no reason to believe that any potential liability that may arise would be material to the financial position of the Group.

The Group, through a number of its subsidiary undertakings, is, from time to time, party to various other legal proceedings or claims arising from its normal business. Provisions are made as appropriate. None of these proceedings is regarded as material litigation.

The Group has provided a guarantee to one of its joint venture partners over the level of profits which will accrue to them in future periods. The maximum amount payable under this guarantee is £35 million, which would be payable in respect of the period from 1 July 2007 to 31 December 2010. Based on the latest management projections, no liability is expected to arise in relation to this guarantee and accordingly, no provision has been recorded at 31 March 2008 (2007: £nil).

Notes to the condensed financial statements

for the six months ended 31 March 2008

17 Capital commitments

Capital commitments	As at 31 March		As at
	2008 £m	2007 £m	30 September 2007 £m
Contracted for but not provided for	23	30	23

18 Operating lease and concessions commitments

The Group leases offices and other premises under non-cancellable operating leases. The leases have varying terms, purchase options, escalation clauses and renewal rights. The Group has some leases that include revenue-related rental payments that are contingent on future levels of revenue.

There has been no material change to the level of future minimum rentals payable under non-cancellable operating leases and concession agreements since 30 September 2007.

19 Related party transactions

The following transactions were carried out with related parties of Compass Group PLC:

Subsidiaries

Transactions between the ultimate parent company and its subsidiaries, and between subsidiaries, have been eliminated on consolidation.

Joint ventures

There were no significant transactions between joint ventures or joint venture partners and the rest of the Group during the period except for the acquisition of the remaining 50% interest in GR SA, the Group's 50% owned Brazilian joint venture (see note 13).

Associates

There were no significant transactions with associated undertakings during the period.

Key management personnel

During the period there were no material transactions or balances between the Group and its key management personnel or members of their close family, other than from remuneration.

20 Post balance sheet events

On 14 May 2008, the Group announced it would buy back a further £400 million of shares over the next 18 months in order to maintain an efficient capital structure whilst at the same time retaining the flexibility to fund future infill acquisitions.

Shareholder information

Registrars and transfer office

All matters relating to the administration of shareholdings should be directed to Capita Registrars, The Registry, 34 Beckenham Road, Beckenham, Kent BR3 4TU, telephone within the UK: Freephone 0800 280 2545 and from overseas: +44 20 7763 0041; email: ssd@capitaregistrars.com.

Shareholders can register online to view their Compass Group PLC shareholding details using the Share Portal, a service offered by Capita Registrars. This service can be accessed at www.capitashareportal.com. Shareholders registering for the Share Portal will require their investor code which is shown on share certificates. The service enables shareholders to do all of the following:

- check their shareholdings in Compass Group PLC 24 hours a day;
- register their email and mailing preference (post or electronic) for future shareholder mailings;
- gain easy access to a variety of shareholder information including indicative valuation and payment instruction details; and
- use the Internet to appoint a proxy to attend general meetings of Compass Group PLC.

Published information

If you would like to receive a copy of the Interim Report in an alternative format such as large print, Braille or an audio version on CD, please contact the Group Company Secretariat at Compass Group PLC, Compass House, Guildford Street, Chertsey, Surrey KT16 9BQ.

Electronic communications

The Company can, at shareholders' request, send shareholders an email notification each time a new shareholder report or other shareholder communication is placed on its website. This enables shareholders to read and/or download the information at their leisure. Shareholders can still request paper copies of the documents if they so wish.

To encourage shareholders to convert to e-communications, the Company will arrange for a sapling tree to be planted in the UK for each shareholder who chooses to receive all future communications electronically. The next opportunity for the Company to notify shareholders electronically will be for the Annual Report, to be published in December 2008.

Dividend Reinvestment Plan (DRIP)

The Company has introduced a DRIP service, provided by Capita IRG Trustees Limited. The DRIP allows eligible shareholders to use the whole of their cash dividend to buy additional shares in the Company, increasing their shareholding. Additional information, including details of how to sign up, can be obtained from Capita IRG Trustees Limited, telephone within the UK: Freephone 0800 280 2545 and from overseas: +44 20 7763 0041; email: shares@capitaregistrars.com.

The latest date for receipt of new applications to participate in respect of the 2008 interim dividend is 5 July 2008.

Share price information

The current price of the Company's shares is available on the Company's website: www.compass-group.com, Ceefax and Teletext.

The Company's share price is also available, until 15 June 2008, from FT Cityline (operated by the Financial Times), telephone within the UK: 0906 843 3250. Calls are charged at 60 pence per minute on a per second basis from a BT landline. The cost from other networks and mobile phones may be higher.

After 15 June 2008, the Company's share price will be available, from the new voice activated FT Cityline service, telephone within the UK: 0905 8171 690. Calls will be charged at 75 pence per minute at all times from a BT landline. Average call duration will be one minute for one stock quote. The cost from other networks and mobile phones may be higher.

ShareGift

ShareGift, the charity share donation scheme, is a free service for shareholders wishing to give shares to charitable causes. It is particularly useful for those shareholders who may wish to dispose of a small quantity of shares where the market value makes it uneconomic to sell on a commission basis. Further information can be obtained from ShareGift (telephone within the UK: 020 7930 3737 and from overseas +44 20 7930 3737 or www.sharegift.org) or from the Registrars.

American Depositary Receipts (ADRs)

The Company operates an ADR programme. Each ADR is equivalent to one Compass Group PLC ordinary share and trades under the symbol CMPGY. Further information can be obtained from The Bank of New York Mellon, Investor Relations, PO Box 11258, Church Street Station, New York, NY 10286-1258, telephone: within the US toll free 1-888 BNY-ADRs and from overseas +1 212 815 3700; email: shareowners@bankofny.com and from websites: www.adrbny.com and www.stockbny.com.

Warning about unsolicited investment contacts

Many companies have become aware that their shareholders have received unsolicited telephone calls or correspondence concerning investment matters. These are typically from overseas based 'brokers' who target UK shareholders offering to sell them what often turns out to be worthless or high risk shares in US or UK investments. Shareholders are advised to be very wary of any unsolicited advice, offers to buy shares at a discount or offers of free company reports.

If you receive any unsolicited investment advice:

- Make sure you get the correct name of the person and organisation.
- Check that they are properly authorised by the Financial Services Authority before getting involved. You can check at www.fsa.gov.uk/register.
- The FSA also maintains on its website a list of unauthorised overseas firms who are targeting, or have targeted, UK investors and any approach from such organisations should be reported to the FSA so that this list can be kept up to date and any other appropriate action can be considered. If you deal with an unauthorised firm, you would not be eligible to receive payment under the Financial Services Compensation Scheme. The FSA can be contacted by completing an online form at www.moneymadeclear.fsa.gov.uk.
- Inform our Registrars by telephone within the UK: Freephone 0800 280 2545 and from overseas: +44 20 7763 0041; email: ssd@capitaregistrars.com.

More detailed information on this or similar activity can be found on the FSA website www.moneymadeclear.fsa.gov.uk.

Unsolicited mail

The Company is legally obliged to make its register of members available to the public. As a consequence of this some shareholders might have received unsolicited mail. UK shareholders wishing to limit the amount of such mail should write to the Mailing Preference Service, FREEPOST 29 LON20771, London W1E 0ZT. Alternatively, UK shareholders may register online at www.mpsonline.org.uk or request an application form by calling from within the UK: 0845 703 4599.

Identity theft – protecting an investment

Criminals may steal shareholders' personal information putting a holding at risk.

Advice on protecting a shareholding:

- Ensure certificates are kept in a safe place or hold shares electronically in CREST via a nominee.
- Keep all correspondence from the Registrars which shows a shareholder investor code in a safe place, or destroy correspondence by shredding.
- When changing address, inform the Registrars. If a letter from the Registrars is received regarding a change of address and there has been no recent move, contact the Registrars immediately. The shareholder concerned may be a victim of identity theft.
- Know when the dividends are paid. Shareholders may wish to consider having their dividends paid directly into their bank or building society account, both for the convenience and the resulting reduction in the risk of the cheque being intercepted or lost in the post. To take advantage of this dividend mandate facility, contact the Registrars, telephone within the UK: Freephone 0800 280 2545 and from overseas: +44 20 7763 0041; or alternatively complete a form online at www.capitaregistrars.com/shareholders using the Share Portal service.
- On changing bank or building society account, inform the Registrars of the details of the new account and respond to any letters the Registrars send about this.
- When buying or selling shares, shareholders should seek to only deal with brokers registered in their country of residence or the UK.

Annual General Meeting voting results

Shareholders voted in favour of all resolutions proposed at the Annual General Meeting held on 8 February 2008. Details of proxy votes received were disclosed to shareholders attending the meeting and are available on the Company's website at www.compass-group.com and upon request from the General Counsel and Company Secretary.

Forward looking statements

This Report contains forward looking statements within the meaning of Section 27A of the Securities Act 1933, as amended, and Section 21E of the Securities Exchange Act, as amended. These statements are subject to a number of risks and uncertainties and actual results and events could differ materially from those currently being anticipated as reflected in such forward looking statements. The terms 'expect', 'should be', 'will be', 'is likely to' and similar expressions identify forward looking statements. Factors which may cause future outcomes to differ from those foreseen in forward looking statements include, but are not limited to: general economic conditions and business conditions in Compass Group's markets; exchange rate fluctuations; customers' and clients' acceptance of its products and services; the actions of competitors; and legislative, fiscal and regulatory developments.

This report is printed on Look, which is 100% ECF (Elemental Chlorine Free) pulp and is 100% recyclable and sourced from carefully managed and renewed commercial forests, certified in accordance with the FSC (Forest Stewardship Council). The mill is ISO 14001 certified. Our printers are fully accredited to the ISO 14001 environmental management system. They utilise vegetable based inks and operate a direct computer to plate repro system, eliminating the need for film with its chemicals such as developer and acid fixers.
