

Investor site tour

16 September 2026 – Compass Group PLC, a global leader in food services, is today hosting an investor site tour of its flagship New York City operations, showcasing the strength of its client partnerships, culinary innovation and significant long-term growth opportunities in one of its most dynamic markets.

The tour will conclude with a Q&A session with the Compass management team, offering investors the opportunity to hear directly from senior leaders about the Group's differentiated capabilities and compelling growth prospects. A recording will be made available on the Group's website following the event. No new material information or update on current trading will be disclosed as part of the tour.

About Compass Group PLC

Compass Group is a world-leading food services business, operating in over 25 countries, with over 590,000 employees worldwide and underlying revenues of over \$46bn for the 2025 fiscal year.
