

## **COMPASS GROUP PLC**

### **GROUP TAX POLICY**

As a Group, we are committed to creating long term shareholder value through the responsible, sustainable and efficient delivery of our key business objectives. This will enable us to grow the business and make significant investments into the Group and its operations.

We therefore adopt an approach to tax that supports this strategy and also balances the various interests of our stakeholders including shareholders, governments, employees and the communities in which we operate. Our aim is to pursue a principled and sustainable tax strategy that has strong commercial merit and is aligned with our business strategy. We believe this will enhance shareholder value whilst protecting Compass' reputation.

In doing so, we act in compliance with the relevant local and international laws and disclosure requirements, and we conduct an open and transparent relationship with the relevant tax authorities that fully complies with the Group's Code of Business Conduct and Code of Ethics.

In an increasingly complex international environment, a degree of tax risk and uncertainty is however inevitable. We manage and control these risks in a proactive manner and in doing so exercise our judgement and seek appropriate advice from reputable professional firms. Tax risks are assessed as part of the Group's formal governance process and are reviewed by the Board and the Audit Committee on a regular basis.
